Tetanus is a serious bacterial infection that can be spread by animal bites. Given that working with us means working in close proximity to wild animals, an up to date tetanus vaccination is a mandatory requirement for all volunteers. If you are invited to join the team, it will require hands-on training, so you must ensure that your tetanus vaccination (which lasts for 10 years) is up to date. Please confirm with your GP that this is the case. This is your responsibility to do so.

Date of Last Vaccination: _____

Many roles here at Tiggywinkles involve physical exertion, including bending and lifting items e.g. picking up cages or handling animals. You sometimes need to be agile in order to avoid being injured by our patients, which are wild animals.

We provide full training regarding how to respond and handle the wild animals in our care but this does not detract from the need to be agile in order to remain safe.

Much of our work involves handling animals, feed and bedding, as well as chemical substances used to ensure our animal cages are kept clean. Latex gloves are therefore worn by our volunteers when cleaning in order to protect their hands.

Reasonable adjustments are always considered for those who may have a medical, physical impairment, a phobia or an allergy and where our assessment is that they would be safe, practical and reasonable, we are keen to accept them.

Data Protection Statement

All of the information collected in this form is necessary and relevant to the performance of the job applied for. We will use the information provided by you on this form, by the referees you have noted, and the educational institutions with whom we may undertake to verify your qualifications, for recruitment purposes only. The Company will treat all personal information with the utmost confidentiality and in line with current data protection legislation. We rely on the lawful basis of legal obligation and the performance of a contract to process the information provided by you in this form.

Should you be successful in your application, the information provided, and further information which will be gathered at the relevant time, will be subsequently used for the administration of your employment and in relation to any legal challenge which may be made regarding our recruitment practices.

For more information on how we use the information you have provided, please see our Job Applicant Privacy Notice (GDPR compliance). Declaration

Declaration of Criminal Convictions

Many of our volunteer roles bring volunteers into direct contact with children and young people, therefore for these roles would require a DBS check and once an applicant has been short listed we will ask: -

Do you have any convictions, cautions, reprimands or final warnings that are not "protected" as defined by the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (as amended in 2013). You will be supplied with a confidential self-disclosure form if you are shortlisted for a relevant role.

The amendments to the exceptions order 1975 (2013) provide that certain spent convictions and cautions are "protected" and are not subject to disclosure to employers, and cannot be taken into account.

Guidance and criteria on the filtering of these cautions and convictions can be found on the Disclosure and Barring Service website.

I declare to the best of my knowledge and belief, all particulars I have given in all parts of this application form are complete and true. I understand that any false declaration or misleading statement or a significant omission may disqualify me from volunteering and render me liable to dismissal. I understand that any role offer is subject to professional references, and also criminal convictions check if this is required, all of which must be deemed by the organisation as satisfactory.
